GitHub: github.com/galo19pr

PROFESSIONAL SUMMARY

Software Engineering student with experience in full-stack web development using Python, JavaScript, React, Node.js, and MySQL. Skilled in designing scalable systems and building practical academic projects including marketplace and inventory management platforms. Interested in software architecture, backend systems, and machine learning.

EDUCATION

Adama Science and Technology University (ASTU) | Adama, Ethiopia
Bachelor of Science in Software Engineering — Expected 2027
Third-Year Student

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Numerical Analysis, Software Architecture, and Web Development.

TECHNICAL SKILLS

Programming Languages	Python, Java, C++, JavaScript
Frontend	React, HTML, CSS
Backend	Node.js, Django, Express.js
Databases	MySQL
Tools	Git, GitHub
Architecture & Concepts	Layered Architecture, SOA, Event-Driven Architecture, Microkernel Architecture

TECHNICAL PROJECTS

Sira-Link: Blue-Collar Service Marketplace

- Developing a marketplace platform connecting local service providers with customers.
- Designing responsive frontend interfaces and backend database schemas.
- Planned features include authentication, service booking, and real-time communication.

Warehouse Management System

- Built a web-based inventory management system using Node.js and MySQL.
- Implemented inventory tracking, stock updates, and sales history management.
- Designed SQL schemas and backend logic for automated stock calculations.

Professional Portfolio Website

- Developed an interactive portfolio website to showcase academic and personal projects.

- Included project sections demonstrating full-stack and system design capabilities.
- Focused on responsive design and clean user experience.

AWARDS & INTERESTS

- Competitive Machine Learning: Active participant in data science challenges focused on model accuracy and Mean Absolute Error (MAE).
- Mathematics: Strong interest in numerical analysis and mathematical computing.
- Interests: Soccer and sports-themed graphic design.

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Fast Learning
